EDUCATION

BANASTHALI VIDYAPITH

MASTER OF COMPUTER APPLICATIONS (MCA)

2021 - 2023 | Rajasthan, India

CGPA: 7.06

NATIONAL POST GRADUATE COLLEGE

BACHELORS OF COMPUTER APPLICATIONS (BCA)

2018 - 2021 | UP, India

Percentage: 53.94

EXPERIENCE

CORE INTEGRA CONSULTING SERVICES PVT LTD

DEVELOPER

May 2024 - Present | Delhi, India

CENTRE FOR DEVELOPMENT OF ADVANCED COMPUTING PROJECT INTERN

January 2023 - May 2023 | Delhi, India

- Developed a Django application using Python, HTML, CSS, and Firebase, focusing on user authentication (sign up, login, password recovery) and advanced features like file compression, format conversion, and a user-friendly dashboard for file management.
- Implemented essential and advanced functionalities, including user authentication, file compression, format conversion, and efficient file management with archiving and deletion options.

PROJECTS

BAKERY MANAGEMENT SYSTEM

ANDROID STUDIO, JAVA, XML, FIREBASE, SQLITE3

August 2021 | [GitHub Link](#)

- Devised an Android app for bakery owners to upload menus at no cost, boosting customer retention and acquisition, using XML for intuitive interfaces and Android Studio/Java for efficient functionality.
- Utilized SQLite3 for data storage and Firebase for back end support, enhancing menu management with stability, scalability, and improved user interaction.

LEAVE MANAGEMENT SYSTEM

ASP.NET, C#, MySQL

April 2022 | [GitHub Link](#)

- Developed a Leave Management System web application using ASP.NET for the front end and MySQL for back end database management, featuring user authentication, leave request submission, approval workflow, and calendar integration.
- Leveraging ASP.NET and MySQL, the system provides a robust and secure platform, enhancing productivity, transparency, and data integrity within the college environment through comprehensive reporting capabilities.

SKILLS

PROGRAMMING

Proficient:

Java • C/C++ • C# • SQL • MySQL

Experienced:

Python • Javascript • HTML+CSS

SQLite • Firebase

VCS & BUILD TOOLS

Git • Github Actions

LIBRARIES/Framework

Proficient:

Android • Django • .NET

Familiar:

React • Flutter • Spring

OPERATING SYSTEMS

Windows • Linux

OTHER SKILLS

Problem Solving • OOPs • DSA

SDLC • Agile

ACHIEVEMENTS

- Achieved 4 star on HackerRank in Problem Solving & in Core Java.
- Actively Participating in LeetCode coding competitions and has Solved 250+ Problems.
- Solved 200+ Coding Problems on GeeksForGeeks.
